THE METHOD

How RADAR works

01 Investigate

We map the authoritarian playbook and the counter-strategies that work against it.

02 Detect

We study digital authoritarianism and build the RADAR AI tool to detect it early.

03 Empower

We train pro-democracy actors through learning exchanges and a mentorship network.

04 Act

We turn the evidence into policy recommendations for democratic resilience.

What RADAR delivers

- The Authoritarian Playbook: historical patterns of autocratic regimes
- Evidence on resistance infrastructures and democratic counter-strategies
- A survey experiment with more than 10,000 respondents in 7 countries
- The RADAR AI tool to detect digital authoritarianism
- A learning exchange and mentorship network for pro-democracy actors
